

# RC200

## Speed Restrictor

### Technical Data

- For close adjustment of operating time, open and close (RC-DA)
- For precise adjustment of the operating time for RC-SR actuator in spring direction
- Adjustable flow 0-370NI / min in exhaust direction from the actuator. Maximum flow in the supply direction 530NI / min
- For all actuators with Namur connection
- Material: Aluminium
- Option: Special surface treatment for corrosive environments
